Batch File

When using the Windows Task Scheduler to run the Clarion Check Service executable please ensure that you are actually running the batch file enclosed. The Windows Task Scheduler looks at the Windows folder unless you specify a change of folder by using the batch file

```
StartCheckServicesProg.bat - Notepad
File Edit Format View Help
REM you need to change this to suit your circumstance
C:
CD\CheckClarionService
ClarionCheckSvc.exe
```

Settings

The ServiceCheckSettings executable allows you to define which services are checked on a regular cycle.
